5.1.3 Programs and Teaching in Arts

Established in 1843, the Faculty of Arts is one of the oldest in Canada and remains the largest at McGill. With over 6,000 full-time students and over 250 full-time professors, the Faculty offers several hundred courses in many disciplines.

The Faculty of Arts permits students great program flexibility. Students may concentrate on one Arts discipline while obtaining Minor Concentrations in different Arts disciplines as well as in other faculties, such as, for example, Science. McGill's historic Arts building is the centrepiece of the University's downtown campus. It houses classrooms, offices and Moyses Hall – an elegant and well-equipped performance theatre. The Faculty maintains bilateral exchange programs with many universities around the world and encourages students to spend a term or two studying abroad.

McGill Arts graduates are valued for their ability to think critically and communicate effectively, often in more than one language. Their skills in research and analysis are applicable in a wide spectrum of professional fields, such as law, education, business, government, and public service.

The Faculty of Arts offers programs leading to the degrees of B.A. and B.S.W. Admission is selective; fulfilment of the minimum requirements does not guarantee acceptance. Admission criteria are described in "[General Admission and Documentation Requirements](#)" in [section 3.5](#).

The Faculty of Arts also offers a Diploma in Environment under the McGill School of Environment, a 30-credit program available to General Admisspubs not guara3tee acc9.75 -9 TD 0.2897 Tc (Gen85(.)) Tj -64.38j 151.5 0 21time pro" go Tj 0.165 14.8122 Tw 78the McGill Sound the) 24

be extended by two terms with the approval of the students' department and the Associate Dean (Student Affairs). Students in the Freshman Program become subject to these regulations one year after their initial registration. Students who exceed these limits must apply to the Faculty for permission to continue. Students who expect to complete their degree requirements in fewer than 8 terms, but who wish to delay their graduation for valid academic reasons, must also seek the permission of the Associate Dean (Student Affairs).

Students routinely taking 18 credits or fewer per year are not subject to the above requirements.

5.3.5 Program Requirements

5.3.5.1 Freshman Program

Students who need to complete 97-120 credits to complete their degree requirements must complete the Freshman program, which is designed to provide a basic foundation prior to selecting a departmental program. Students may select one of the following Freshman program options:

General Option

- 6 credits in each of three of the following areas: social sciences, languages, humanities, or mathematics and science, with a maximum of 18 credits per area and 12 credits per department.

Arts Legacy (Freshman) Option: Making Modernities

- 24 credits of prescribed courses that will be taught in four consecutive units of six and a half weeks. Courses will be thematically linked and deal in an interdisciplinary way with the Ancient Worlds of China and Greece/Rome, Medieval Mediterranean Worlds, Early Modern Atlantic Worlds, and Global Modern Worlds. Each course features lectures, seminars, tutorials and performances. Enrolment is on a first-come first-served basis. Students should register for six additional credits, preferably from the areas of language or of mathematics and science. For more information, please contact Professor G. Vankeerberghen (Department of History).

French Option

- 18 credits of courses conducted in French. Depending on degree of language proficiency attained, this could include a maximum of 12 credits of intensive French language courses.

For further details, refer to the Arts and Science Freshman information on the Web at www.mcgill.ca/artscisao.

5.3.5.2 Departmental Programs

Arts students, other than those registered in the Freshman Program, are required to have an approved program (Multi-track, Honours, Faculty), and to select their courses in each term with a view to timely completion of their degree and program requirements. Students must complete one of the following program streams:

MULTI-TRACK SYSTEM

To recognise the diversity of student backgrounds and interests and the multiple routes to understanding provided by a modern university, the Faculty of Arts offers a 90-credit multi-track system that includes a Major Concentration complemented by at least a Minor Concentration and that may be completed in one of the following ways:

Options

- A: Major Concentration (36) + Minor Concentration (18)
+36credits of electives
- B: Major Concentration (36) + Major Concentration (36)
+18credits of electives
- C: Major Concentration (36) + Minor Concentration (18)
+MinorConcentration (18) + 18 credits of electives

Regulations:

- Within option A and option B, all Concentrations must be in different academic units. (For students completing a second degree in the Faculty of Arts, this regulation is waived.)
- Within option C, one of the Minor Concentrations may be in the same unit as the Major Concentration. Students who pursue a same-unit Minor Concentration will substitute additional complementary (non-required) courses to a total of 18 credits for any courses completed as a part of their Major Concentration within that unit.
- Students will include within the 36 or 18 credits of their Major or Minor Concentration any university-level (200 or above) prerequisites to required courses within their Concentrations.
- No course may fulfil the requirements for more than one program or concentration requirement.

Definitions:

Units: academic departments or administrative equivalents.

Programs: lists of required and complementary courses (including prerequisites for required courses) prepared and maintained by units.

Major Concentration: 36 credits taken from a unit's Major program.

Minor Concentration: 18 credits taken from a unit's Minor program. Expandable Minor Concentrations are those which can, on the completion of 18 additional approved credits, be expanded into a Major Concentration within the appropriate unit.

HONOURS PROGRAM

Honours programs demand a high degree of specialisation, and require students to satisfy specific departmental and Faculty Honours requirements while maintaining a good academic standing. They are designed to prepare students for graduate study.

Regulations:

- To be registered in an Honours program after the first year, students must have attained a GPA and CGPA of at least 3.00 in the previous year, unless they have special permission from the department and the Associate Dean (Student Affairs).
- To complete an Honours degree, a student must achieve a minimum CGPA of 3.00. The program GPA (the GPA of all required and complementary courses taken at McGill which constitute the Honours program) must be a minimum of 3.00, although academic units may set higher requirements for their program GPA.
- In addition to the completion of the Honours requirements, students must complete at least a Minor Concentration in an academic unit other than the one in which the Honours requirements are satisfied. (For students completing a second degree in the Faculty of Arts, this regulation is waived.)

JOINT HONOURS PROGRAM

Students who wish to study at the Honours level in two disciplines can combine Joint Honours Program Components from any two Arts disciplines, see section 5.11.4 "Joint Honours Programs" for a list of available programs. Each Joint Honours component consists of a maximum of 36 required and complementary credits (not including program prerequisites). In cases where a minimum of 24 credits are in courses normally restricted to Honours students, the total of required and complementary credits may be as few as 30.

To complete a Joint Honours degree, a student must achieve a minimum CGPA of 3.00. The program GPA (the GPA of all required and complementary courses taken at McGill which constitute the Joint Honours program) must be a minimum of 3.00, although academic units may set higher requirements for their component of the program GPA.

FACULTY PROGRAM

A Faculty program is an approved selection of courses constituting a concentration in an intellectually coherent and inter-faculty field of studies. These courses must include approved selections from one of the following:

- The Faculties of Arts and of Science, and at least one other faculty.
- The Faculty of Arts, and at least one faculty other than the Faculty of Science.
- The Faculty of Arts currently recognises the following Faculty Programs:
 -

- Transfer credits for Continuing Education courses will be granted only if the courses can be used towards a degree program in a faculty other than Continuing Education at the original university.
- Transfer students will be allowed to take courses outside the Faculties of Arts and of Science at McGill only if they have transferred fewer than 12 credits, and then only up to a maximum of 12 credits.
- Transfer students who register for a Faculty of Arts program that requires additional credits outside the Faculties of Arts and of Science will be allowed to take only the number of credits outside the Faculties of Arts and of Science required to complete the program. These programs are the Faculty Programs in Industrial Relations and in Environment, the Joint Honours in Economics and Finance, the Minor in Management for students in programs in Economics, the Major and Minor Concentrations in Music, the Major Concentration in Geography (Urban Systems), the Minor Concentration in Educational Psychology, and the Minor in Education for Arts Students.

5.3.6.4 Policy on Distance Education Courses

A maximum of 6 credits of courses taught through distance education may be used towards the B.A. degree at McGill. Courses taught through distance education from institutions other than

5.5.2 Course Registration

All courses have limited enrolment.

Students in the Faculty of Arts may register for and take for credit any course, unless otherwise indicated, in the sections of the Calendar applicable to the Faculties of Arts and of Science, subject to the course restrictions listed in this section.

Since the registration system is unable to verify whether or not Faculty regulations are respected, it is technically possible to register for courses that may not be credited towards the B.A. When students' records are manually verified, however, any courses taken that violate the Faculty regulations will be flagged after the end of course change period as "not for credit towards the B.A." As a result, the students' expected date of graduation may be delayed.

Some courses may require special permission. Students should consult this Calendar and/or the Class Schedule well in advance of the Course Change period to determine if permission is required of the instructor, the department, or the Faculty for any course they wish to take.

Students who believe they have valid reasons to take a course that may not be credited towards the B.A. must obtain the permission of the Associate Dean (Student Affairs) of Arts.

5.5.2.1 Registration for First-Year Seminars

Registration for First-Year Seminars is limited to students in their first year of study at McGill, i.e., newly admitted students in U0 or U1. These courses are designed to provide a closer interaction with professors and better working relations with peers than is available in large introductory courses. These seminars endeavour to teach the latest scholarly developments and expose participants to advanced research methods. Registration is on a first-come, first-served basis. The maximum number of students in any seminar is 25, although some are limited to even fewer than that.

Students may take only one First-Year Seminar. Students who register for more than one will be obliged to withdraw from all but one of them. For a complete listing, please see "[First-Year Seminars](#)" in [section 5.12.1](#).

The First-Year Seminars offered by the Faculty of Science are also open to Arts students. For a complete listing, please see "[Registration for First-Year Seminars](#)" in [section 12.5.2.1](#).

5.5.2.2 Registration in Multi-Term Courses

Students who select a multi-term course are making a commitment to that course for its entirety. Students MUST register in the same section in all terms of a multi-term course. Credit will be jeopardized if students deliberately register in different sections of a multi-term course. In exceptional cases, when circumstances are beyond the student's control, the Student Affairs Office may grant permission to change sections mid-way through a multi-term course. Students must make their request in writing to the Associate Dean (Student Affairs), citing their reason for the request. The request must also have the written support of the instructors of the sections involved and of the coordinator of the course (if applicable).

5.5.3 Registration for Graduation

Students in their final year must indicate the expected date of graduation on Minerva and verify this date on unofficial transcripts. When final-year students change their expected date of graduation, they must notify the Student Affairs Office immediately. Failure to do so may postpone graduation.

Students who complete their degree requirements at any time after their last registered term at McGill must apply to the Associate Dean (Student Affairs) to graduate. Application to graduate must be made sufficiently in advance of the expected graduation date to allow the Faculty to verify the student's record. For further information, students should contact the Student Affairs Office.

5.6 Grading and Credit

Before the end of the course change (drop/add) period, each instructor will inform students of the following:

- whether there will be a final examination in the course;
- how term work will affect the final mark in the course;
- how term work will be distributed through the term;
- whether there will be a supplemental examination in the course, and if so, whether term work will be included in the supplemental grade (courses normally have supplemental examinations, and courses with formal final examinations *must* have supplementals);
- whether students with marks of D, F, J, or U will have the option of submitting additional work, and, if so, how the supplemental mark will be calculated with the extra work.

5.6.1 Incomplete Grades

An instructor who believes that there is justification for a student to delay submitting term work may extend the deadline until after the end of the course. In this case, the instructor will submit a grade of "K" (incomplete), indicating the date by which the work is to be completed. The maximum extensions for the submission of grades to the Student Affairs Office are as follows:

- students graduating in June:
Fall, Winter, and spanned courses April 30
- non-graduating students
Fall courses April 30
Winter and spanned courses: July 30

Students' deadlines for submitting their work must be sufficiently in advance of these dates to ensure that the work can be graded and the mark submitted on time.

It is important to note that instructors may impose earlier deadlines than those listed above.

If marks to clear K's have not been submitted to the Student Affairs Office by April 30 for Fall courses, or July 30 for Winter courses and courses spanning Fall/Winter, the K is automatically changed to a KF and counts as an F in the GPA.

Students with a grade of K who have serious extenuating circumstances may request an extension of the K deadline (KE) from the Associate Dean (Student Affairs).

Please see "[Grading and Grade Point Averages \(GPA\)](#)" in [section 4.6.3](#) for more information.

5.7 Examinations

Students should refer to "[Examinations](#)" in [section 4.7](#) for information about final examinations and deferred examinations.

The exam schedules are posted on the McGill Website, www.mcgill.ca, and in the Student Affairs Office normally one month after the start of classes for the Tentative Exam Schedule, and two months after the start of classes for the Final Examination Schedule. Students should also refer to the Student Affairs Website at www.mcgill.ca/artscisao for more information.

5.8 Supplemental Assessments

5.8.1 Supplemental Examinations

Students who wish to write supplemental examinations for certain courses must apply to the Student Affairs Office for permission. The following conditions apply:

- students must be in satisfactory or probationary standing;

- students must have received a final grade of D, J, F, or U in the course;
-

the next term and if any conditions will be attached to their registration.

Decisions about academic standing in the Fall term are based only on grades that are available in January. Grades for courses in which students have deferred examinations and Fall-term grades for courses that span the Fall and Winter terms do not affect academic standing for the Fall term, even though they will ultimately affect students' fall TGPA. Therefore, academic standings for the Fall term that are designated as "interim" should be interpreted as advisory. Note that interim standing will not appear on external transcripts. **Interim standing decisions are mentioned below only if the rules for them differ from those for regular standing decisions.**

Satisfactory/Interim Satisfactory Standing

Students in satisfactory standing may continue in their program.

- New students are admitted to satisfactory standing.
- Students with a CGPA of 2.00 or greater are in satisfactory standing.

Probationary/Interim Probationary Standing

Students in probationary standing may continue in their program, but must carry a reduced load (maximum 14 credits per term) and raise their TGPA and CGPA to return to satisfactory standing (see above). They should see their departmental adviser to discuss their course selection.

Students in interim probationary standing may continue in their program, but should evaluate their course load and reduce it as appropriate. They are strongly advised to consult a departmental adviser, before the withdrawal deadlines, about their course selection for the Winter term.

- Students who were previously in satisfactory standing will be placed in probationary standing if their CGPA falls between 1.50 and 1.99.
- Students who were previously in probationary standing will remain in probationary standing if their CGPA falls between 1.50 and 1.99 and their TGPA is 2.50 or higher, although the TGPA requirement will not apply to the summer term.
- Students who were previously in interim unsatisfactory standing will be placed in probationary standing if their CGPA falls between 1.50 and 1.99 and their TGPA is 2.50 or higher.
- Students who were previously in unsatisfactory readmitted standing will be placed in probationary standing (Fall or Winter term) if their CGPA is less than 2.00, and if they satisfy relevant conditions specified in their letter of readmission.

Unsatisfactory Readmitted Standing

Students who were previously in unsatisfactory standing and who were readmitted to the Faculty by the Associate Dean (Student Affairs) or the Committee on Student Standing will have their standing changed to unsatisfactory readmitted standing. Their course load is specified in their letter of readmission as are the conditions they must meet to be allowed to continue in their program. They should see their departmental adviser to discuss their course selection.

Unsatisfactory/Interim Unsatisfactory Standing

Students in interim unsatisfactory standing may continue in their program, but should evaluate their course load and reduce it as appropriate. They are strongly advised to consult a departmental adviser, before the withdrawal deadlines, about their course selection for the Winter term.

Students in unsatisfactory standing have failed to meet the minimum standards set by the Faculty. They may not continue in their program, and their registration will be cancelled.

Appeals for readmission by students in unsatisfactory standing should be addressed to the Associate Dean (Student Affairs) no later than July 15 for readmission to the Fall term and November 15 for the Winter term. Readmission will be considered only when proof of extenuating circumstances that affected academic performance can be provided (e.g., medical or other documentation).

Students in unsatisfactory standing for the second time must withdraw permanently.

Normally, supplemental examinations are not permitted; however, students in unsatisfactory standing may appeal to the Associate Dean (Student Affairs) for permission to write a supplemental examination, clearly stating the reasons for special consideration and providing proof as appropriate.

- Students will be placed in unsatisfactory standing (Winter or summer term) or interim unsatisfactory standing (Fall term) if their CGPA falls or remains below 1.50.
- Students who were previously in probationary, unsatisfactory readmitted, or interim unsatisfactory standing will be placed in unsatisfactory standing (Fall or Winter term) if their TGPA falls below 2.50 and their CGPA is below 2.00.
- Students who were previously in unsatisfactory standing and who were readmitted to the Faculty by the Associate Dean (Student Affairs) or the Committee on Student Standing and who have not at least satisfied the conditions to attain probationary standing that were specified in the letter of readmission will be placed in unsatisfactory standing.

Incomplete Standings

Standing awaits deferred exam.
Must clear K's, L's or Supplementals.
Standing Incomplete.

Students with incomplete standings in the Winter or Summer term may register for the Fall term K's, 0y standio have stall t.2676 Th1eTc -0.0942 staQs

requirements, must consult their adviser to determine if they are eligible to graduate in a program other than Honours.

5.10.2 Distinction and Great Distinction

Students in the Faculty or the Multi-track programs whose academic performance is appropriate may be awarded their degrees with *Distinction* or *Great Distinction* under the following conditions:

- students must have completed a minimum of 60 McGill credits towards the same degree to be considered;
- for *Distinction*, the CGPA at graduation must be 3.30 to 3.49;
- for *Great Distinction*, the CGPA at graduation must be at least 3.50;
- these designations may be withdrawn in the case of transfer students, if their CGPA in another faculty or at another university is not comparable to the CGPA earned in the Faculty of Arts.

5.10.3 Dean's Honour List

The designation *Dean's Honour List* may be awarded to a graduating student under the following conditions:

- students must have completed a minimum of 60 McGill credits towards the same degree to be considered;
- students must be among the top 10% of the Faculty's graduating class of students; this calculation is based on the CGPA;
- this designation may be withdrawn in the case of transfer students, if their CGPA in another faculty or at another university is not comparable to the CGPA earned in the Faculty of Arts.

The designation *Dean's Honour List* may be awarded at the end of each academic year to continuing students under the following conditions:

- students must have completed at least 27 graded credits during the academic year to be considered;
- students must be among the top 10% of the Faculty. This calculation is based on the sessional GPA.

5.10.4 Medals and Prizes

Various medals, scholarships, and prizes are open to continuing and graduating students. Full details of these are set out in the *Undergraduate Scholarships and Awards Calendar*, available from the Admissions, Recruitment and Registrar's Office or on the Web, www.mcgill.ca. No application is required except in the case of the Moyses Travelling Scholarships.

FACS also operates the Faculty of Arts Computer Laboratory, which offers a wide range of services to the Faculty. The labs provide access to the Internet, the library catalogue and Canadian Census data, and some other electronic data stored in various locations on campus. The Teaching Lab provides a venue for training in specialized graphic and statistical software, and for other course-related computerized teaching tools. Standard word-processing, statistical and spreadsheet software is available, as well as specialized desk-top publishing software. Laser printing, scanning and colour printing are available for nominal fees.

NB: ARET150 is **not open** to Science, Management or Engineering students, or to Arts students registered in Computer Science programs, or in Mathematics and Computer Science programs. **Credit will not be given** for ARET150 if taken concurrently with or after COMP100, COMP102, COMP202, COMP203, COMP208, COMP250, EDPT200 or MGCR331.

5.12.3 Faculty of Arts Internship Program

Several departments in the Faculty of Arts offer undergraduate students the opportunity to earn university credit while gaining experience in areas relevant to their fields of study. Open to U2 and U3 students, normally after completing 30 credits of a 90 credit program or 45 credits of a 96 to 120 credit program, normally with a minimum CGPA of 2.7, and permission of the departmental Internship Advisor. Arts internships involve a minimum of 150 hours of work with an approved host institution or organization. Students are required to submit a major topical paper that discusses an aspect of the internship from an academic perspective.

In the field of Art History the Department offers comprehensive programs of courses and seminars on the history of the visual arts, material culture, and architecture from antiquity to the present, focusing primarily on Europe and North America. The works of art and architecture are discussed within their cultural, political, historical, religious, philosophical and social context.

Major and Minor Concentrations, and Honours, Joint Honours and graduate programs are available in Art History. For the most up-to-date information on Department requirements and detailed course descriptions, please visit our Department's website or consult an appropriate Undergraduate adviser through the Departmental Office, Arts Building, Room W-225, (514) 398-6541.

In addition to the above requirements, Honours students, according to Faculty regulations, also must complete at least a Minor Concentration (18 credits) in another academic unit.

NB: For students accepted into the Honours program for 1999/2000 and later: Faculty regulations state that Honours students who have not met the Honours requirements at graduation will not be able to graduate with a Major Concentration unless they have completed the requirements for both a Major Concentration and a Minor Concentration in another discipline.

GÉNÉRALITÉS

Le Département de langue et littérature françaises offre un programme de cours qui couvre l'ensemble des littératures française et québécoise ainsi que d'autres aspects des études françaises: civilisation et langue (linguistique, stylistique, traduction).

Le français est la seule langue de travail au Département. Tous les cours sont donnés en français. Les francophones constituent une proportion importante de notre clientèle, ce qui représente un avantage appréciable pour les étudiants qui ne sont pas de langue française, leur permettant de faire leurs études dans un milieu essentiellement français.

Pour ce qui est de la traduction, le programme offert à McGill a comme principale caractéristique de comporter un grand nombre de cours de culture générale.

La plupart des cours peuvent être suivis par tout étudiant ayant les connaissances et les capacités voulues: le professeur jugera en dernier ressort. Il existe toutefois quelques restrictions.

1. L'admission aux cours pratiques de langue (Composition 1 et 2, Grammaire avancée, Traduction) est subordonnée à la réussite d'un test qui a pour but de déterminer le niveau de connaissance de l'étudiant et d'assurer que celui-ci sera dirigé vers un cours correspondant à ses besoins. Si la préparation de l'étudiant s'avère insuffisante pour lui permettre de suivre un cours au Département, un cours au Centre d'enseignement du français et de l'anglais (French as a Second Language) lui sera conseillé.
2. L'admission au programme de Lettres et traduction (pour les étudiants en Spécialisation) est subordonnée à la réussite d'un test.
3. Les étudiants extérieurs au Département peuvent s'inscrire à tous les cours offerts au Département sauf exceptions indiquées dans le libellé des cours.

L'obtention d'un baccalauréat avec Spécialisation ou Double Spécialisation est obligatoire pour l'admission dans les programmes de 2e et 3e cycles (maîtrise et doctorat).

En Spécialisation, les étudiants doivent conserver au minimum une moyenne de B pour l'ensemble des cours du programme et maintenir un CGPA de 3.00.

Les étudiants qui souhaitent poursuivre leurs études en spécialisation dans deux domaines distincts peuvent s'inscrire dans deux départements de la Faculté des Arts (consulter l'Annuaire de la Faculté [section 5.11.4 "Joint Honours Programs"](#)). Ces étudiants devraient rencontrer un conseiller dans chacun des deux départements concernés, pour établir leur choix de cours et formuler leur projet de recherche interdisciplinaire, le cas échéant.

Cours obligatoires (42 crédits)

Required Courses (12 credits)**Complementary Courses** (24 credits)

Recent graduates of our programs are currently pursuing careers in a variety of professions, including law, business, journalism, academia, finance, government, the arts, science, education, and medicine. All have benefited as professionals, individuals, and citizens from their study of history. The study of history develops skills in research, writing, and critical thinking and provides a context for understanding the present world. History requires and develops flexible thinking as it normally employs inductive reasoning. Historians usually begin with a specific, temporally and spatially defined issue and try to determine a pattern in the chaos. They move from the particular to the general and since historians usually begin with an open-ended question, they often find themselves borrowing from other disciplines to understand the problem.

PROGRAMS IN HISTORY

The Department offers three kinds of undergraduate programs: Honours, Major Concentration and Minor Concentration. In each case, students choose one of two options:

Please see a Departmental Adviser for details.

Tables are designed to help Major, Minor and Honours students to plan their programs within the framework of the Department's requirements, by showing which courses fall within the four areas. Please refer to our Website for a listing of courses being offered in 2005-06 in each area.

MINOR CONCENTRATION IN HISTORY (18 credits)

(Expandable)

Director: Professor Jarrett Rudy

In order to give students freedom to choose suitable concentrations, all courses in History programs are placed into the category "Complementary Courses." These are to be chosen with an adviser.

Complementary Courses (18 credits)

18 credits in History, 12 credits (minimum) at the 300-level and up, 15 credits to be taken in one of the following areas: Africa/Asia/Latin America; Canada; Europe; North America; or in an approved theme such as History of Medicine, Jewish History, Migration, War and Society.

MAJOR CONCENTRATION IN HISTORY (36 credits)

Director: Professor Peter Hoffmann

In order to give students freedom to choose suitable thematic and geographic concentrations, all courses in History programs are placed into the category "Complementary Courses." These are to be chosen with an adviser.

Complementary Courses (36 credits)

36 credits in History, 24 credits (minimum) at the 300-level or higher such as History of Medicine, Jewish History, Migration, War and Society.

Students are strongly urged to distribute their history courses as follows: Year 1 - 12 credits; Year 2 - 12 credits; Year 3 - 12 credits.

The History Major Concentration is designed to provide both flexibility and breadth for our students. Each student will pursue an individually distinct program according to his or her interests and intellectual concerns. Students who choose a Major Concentration in History should consult an adviser in the Department **before** registering for their courses. Students are advised that no more than 12 credits taken at another university will be accepted within their Major program.

HONOURS IN HISTORY (60 credits)

Director: Professor Daviken Studnicki-Gizbert

In order to give students freedom to choose suitable concentrations, all courses in History programs are placed into the category "Complementary Courses." These are to be chosen with an adviser.

Complementary Courses (60 credits)

The purpose of the Honours program is to give students an opportunity to study an area or theme of history in some depth. Each Honours student's program is worked out to suit the student's specific needs within the general framework of the program. The rules of the program are designed to lead the student from introductory courses to more advanced courses while, at the same time, enabling the student to acquire ancillary skills which are necessary for historical research in particular areas.

The full Honours student normally takes 60 credits in history over a three-year period, 42 credits to be selected from within an area or theme, including one of two seminars or the tutorial option. If a student must acquire a language or other ancillary skill, or if there is a strong case for taking a historically oriented course in another discipline, the history requirement may be diminished. (See note at the end of the statement.)

The **first year** of the program is devoted primarily to introductory history courses (12 - 18 credits) to obtain a general perspective.

Students in the B.A. Freshman Program who are considering a Music Concentration should see the Freshman Adviser in the Arts Student Affairs Office in Dawson Hall. They should also see the Music Adviser in order to ensure that they include any necessary prerequisite Music courses (based on the results of placement examinations) in their first-year selection.

Students interested in a more intensive music program, including practical instruction on an instrument or in voice and additional ensemble participation, should consider the B.Mus. degree or the diplomas offered by the Faculty of Music; "*Degrees and Diplomas Offered*" in section 10.3.1.

Program Committee (2004-05):

James Delbourgo (*History*), Catherine Desbarats (*History*), Allan Hepburn (*English*), Leonard Moore (*History*), Gil Troy (*History*), Harold Waller (*Political Science*)

The purpose of North American Studies is to provide a comprehensive view of civilization on this continent. Proceeding from the premise that similarities between North American peoples are greater than their differences, the first year in the program requires the traditional mix of history and literature, with the addition of political science and economics courses to underline differences that may be more substantial.

The introductory complementary credits in the first year are a prelude to a broader list of courses in Economics, Political Science, History, and Arts and Letters, where students are allowed greater freedom to direct their own study according to their personal needs and inclinations. Students must ENSURE they have fulfilled the 200-level prerequisites before registering for the advanced-level courses listed below.

Students may choose to spend a term on a student exchange program with Dartmouth, American University, Duke or Carleton. See Advisers for details – there is a competition.

Independent study, internships and university exchange arrangements can be worked into a student's program (a certain amount of flexibility is allowed here, but in close conjunction with the program as outlined below).

Each Major Concentration student in third year must enrol in the required North American Studies Seminar offered by the Department of English.

MINOR CONCENTRATION IN POLITICS, LAW AND SOCIETY

(Non-expandable) (18 credits)

Required Courses (6 credits)

its in Political Science, 12 credits in the other Honours subject and 6 credits of other courses in each year of their program.

In the first year in political science, the 12 credits in Political Science should cover at least two (preferably three) of the four main fields offered by the Department. While some concentration is encouraged, students will normally not be permitted to take more than half their Political Science credits in any one field. Joint Honours students are required to take a Political Science course in Methods (POLI311) unless they are authorized to take an equivalent social science methods course in another department (Sociology, Economics). In that case they are required to take a course (at any level) in Political Theory. They are also required to take one-quarter of their Political Science credits (i.e., 9 credits) at the 400 level or higher, including at least one 500- or 600-level Seminar. Students can satisfy the one-quarter rule by taking one 500- and one 600-level course.

According to Faculty regulations, Joint Honours students must maintain a minimum CGPA of 3.00 and maintain a minimum program GPA of 3.30.

HONOURS STANDARDS

To enter, remain and graduate in Honours, students must achieve/maintain a B+ average in their political science courses and more than half of the political science grades must be at the B+ level or higher. To be awarded First Class Honours at graduation, in addition to a 3.50 CGPA, students must achieve an A-average in their political science courses and more than half of political science grades must be at the A- level or higher. All political science courses taken at McGill are counted in determining a student's standing. (The specific criteria are given in the brochure "Programs in Political Science," which may also be found on the Department Website.) To be awarded Honours at graduation, students must be registered in the Honours program in their final year. At graduation, students' Honours standing will be determined by their overall record in the Honours program.

Further information may be obtained from the Head of the Honours program.

For a list of teaching staff and an outline of the nature of Psychology refer to the Science entry "Psychology (PSYC)" in section 12.12.28. Programs which may be taken by Arts students are described in this section, those listed under the Faculty of Science may be taken by Science students only.

Note: The B.A. (or B.Sc.) with a Major Concentration or Honours degree in psychology is not a professional qualification. It does not qualify the individual to carry on professional work in psychology.

INFORMATION MEETINGS FOR NEW STUDENTS

All new students entering the Psychology undergraduate program are required to attend an Information Meeting prior to registration. Students planning to pursue a Bachelor of Arts with a Major Concentration in Psychology must attend a meeting at 14:30 on August 26, 2005, in the Stewart Biological Sciences Building, Room S1/4. At this meeting, Nicole Allard, the Academic Adviser, will explain the requirements of the Department's programs. Incoming students will have an opportunity to ask questions and receive advice on how to plan their courses. After this meeting students in the Major Concentration in Psychology will make appointments for individual advising sessions and fill out their Study Plan form for registration.

Entering students must bring their letter of acceptance and a copy of their collegial transcript(s). They will also need this Calendar and a preliminary Class Schedule. Students will also find the Psychology Department Handbook helpful. The Handbook contains more detailed descriptions of Psychology courses, as well as providing guidelines for how students might pursue particular areas of interest. The Handbook is available on the Department Website: www.psych.mcgill.ca/ugrad/ugrad.htm.

Students entering the Psychology program in January are encouraged to call the Academic Adviser, Nicole Allard, in December to clarify their course selections.

The Minor Concentration in Social Studies of Medicine is an interdisciplinary concentration of courses designed to address the needs of (1) undergraduates preparing for one of the health professions, and (2) social sciences and humanities undergraduates who wish to gain a broader interdisciplinary understanding of med-

The Faculty of Arts, through the School of Social Work, offers an undergraduate program of professional studies in Social Work, leading to the degree of Bachelor of Social Work (B.S.W.). The B.S.W. degree course has the following principal educational objectives:

1. To prepare students for professional practice in any one of a range of social service positions. (The B.S.W. degree represents the point of admission into the Ordre Professionnel des Travailleurs Sociaux du Québec* and the Canadian Association of Social Workers.)
2. To prepare students for entry into more specialized professional studies at the graduate level.

*Quebec law requires that candidates seeking admission to the provincially recognized regulatory bodies possess a working knowledge of the French language, i.e., be able to communicate verbally and in writing in that language. For further information, refer to [Language Requirements for Professions, section 4.11.1](#).

As it is the policy of the School of Social Work to ensure that social workers are as diverse as the communities they serve, applications for the undergraduate B.S.W. program are encouraged from persons of varied backgrounds, including members of minority groups and persons of low income.

The B.S.W. degree is offered in two ways:

1. as a three-year undergraduate B.S.W. program, and
2. as a Special B.S.W. program for applicants who already have an undergraduate degree in another subject.

Applicants must also have completed a minimum of two appropriate courses at the college or university level, each with a grade of B or better.

Enrolment is limited. All candidates are expected to have better than average grades. Within the group of applicants who meet the academic requirements, preference is given to those who have had social work-related experience, paid or volunteer, and also to those who demonstrate personal suitability for the social work profession.

Please note that, although not a requirement for the 3-year B.S.W. program, a course in statistics is a prerequisite for admission into both the Special B.S.W. and M.S.W. programs at McGill. Students in the 3-year B.S.W. program who have not previously completed a course in statistics and are planning on completing a graduate degree are, therefore, strongly encouraged to take a statistics course during their undergraduate studies.

More details on entrance requirements can be found on the Web at www.mcgill.ca/applying.

BACHELOR OF SOCIAL WORK (B.S.W.) THREE-YEAR PROGRAM – PLAN OF STUDY

The B.S.W. degree is awarded upon successful completion of 90 credits of study; it consists of a combination of professional social work courses, supervised field practice and related courses drawn principally from the social sciences.

The 90 credits of study are made up as follows:

- a minimum of 48 credits (and a maximum of 60) must be social work courses.
- a minimum of 18 credits must be social science courses.
- any remaining credits may be taken according to the student's own individual interests. If credits in French language are required, they will be taken from among the credits available after satisfaction of the minimum requirements of social work (48) and social science (18) credits.

The mix of these possible types of credits will vary according to each student's needs.

The distribution of the 48-60 credits of Social Work content over the three years will be approximately as follows:

- U1 – 12 credits
- U2 – 15-24 credits
- U3 – 18-24 credits

First-Year Required Courses (12 credits)

First-Year Complementary Courses (12 credits)

First-Year Elective Courses (6 credits)

Second-Year Required Courses (9 credits)

Second-Year Complementary Courses (6 credits)

Additional Second-Year Courses (15 credits)

Third-Year Required Courses (12 credits)

Third-Year Complementary Courses (6 credits)

Additional Third-Year Courses (12 credits)

Subject to the following conditions, U3 students may be permitted to take 600-level courses:

- a minimum CGPA of 3.30;
- written approval from the professor of the course and from the program adviser supporting the request; and
- a maximum of six (6) credits towards the B.S.W. program.

(Forms are available from the Social Work General Office.)

Field Practicum

Students in the 3-year B.S.W. program complete a field placement during their second and third years, 2 days per week, in different settings each year. Students must have completed a minimum of 24 credits of the 90 credits of study before commencing their second year placement, and 54 credits before commencing their third year placement.

Grading Policy

Students are required to obtain a grade of C or better in all of their Social Work courses (48-60 credits) and also in their 18 social science credits. If students receive a D in any of these courses, they must take additional courses to satisfy the program requirement. Only in an elective course will the grade of D be counted for credit.

SPECIAL B.S.W. (BACHELOR OF SOCIAL WORK) – ADMISSION

A number of students with Bachelor's degrees are admitted into a Special B.S.W. program consisting of 48 Social Work credits of study over a 14-month period. This program offers an excellent opportunity for students to consolidate past experience related to social work or, for some, to change career directions.

The minimum requirements for admission to the Special B.S.W. are as follows:

1. Bachelor's degree with a high B average.
A Bachelor's degree is defined as being either a three-year degree following a CEGEP Diploma (or equivalent advanced standing) or a four-year degree following high school.
2. Completion of at least five courses (15 credits) in the social sciences.
3. An introductory course in statistics (either CEGEP or university level).
4. Paid and/or volunteer work experience.

Normally, candidates will not be considered unless their CGPA is 3.00 or better. Within the group of applicants who meet this requirement, preference will be given to those who have had social work-related experience, paid or volunteer, and also to those who demonstrate personal suitability for the profession of social work.

SPECIAL B.S.W. (BACHELOR OF SOCIAL WORK) – PLAN OF STUDY

The Special B.S.W., for those holding an undergraduate degree, will be offered in three time blocks: a summer session of 7 weeks, May - June, one regular academic year, and a summer session of 12 weeks, April - June. Students in this program will take 48 Social Work credits, including courses in social work practice, field practice, and policy.

Required Courses (33 credits)

* Students who have successfully completed a research course during their undergraduate degree *may* be eligible for an exemption from this course. However, the 3 credits must be replaced by another Social Work course.

Complementary Courses (15 credits)

Field Practicum

Field Practice takes place in one field setting 2½ days per week, September - April, and 3½ days per week, April - June, to meet the 800-hour requirement.

Grading Policy

Students are required to obtain a grade of C or better in all of their courses. If students receive a D in any of these courses, they must take additional courses to satisfy the program requirement.
